Growing Our Tomorrow
For a better us, for a better future

Asia Pulp & Paper (APP) Sinar Mas is a trade name of pulp and paper manufacturing company which delivers quality products to meet the growing global demand for paper, tissue, and packaging.

Beginning as a caustic soda producer in 1972, we have grown into a global business with operations across Indonesia and China with an annual combined pulp, paper, packaging product and converting capacity of over 20 million tons per annum.

Today, Asia Pulp & Paper (APP) Sinar Mas markets its products in 150+ countries across six continents.

This growth is guided by our vision of a better future. It is what keeps us moving forward, creating new ways of living and innovating. Over the years, we have expanded our operations through the acquisition and expansion of our pulp and paper mills. It is our commitment to customer satisfaction that enables us to grow our share in paper sales worldwide and broaden our presence through offices in many countries.
